

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION 4
ATLANTA FEDERAL CENTER
61 FORSYTH STREET
ATLANTA, GEORGIA 30303-8960

AUG 03 2016

The Honorable Loxil B. Tuck, Mayor
City of Tarrant
1605 Pinson Valley Parkway
P.O. Box 170220
Tarrant, Alabama 35217

Dear Mayor Tuck:

The U.S. Environmental Protection Agency finalized the Site Inspection (SI) report for the South Tarrant Neighborhood site (the Site) on July 14, 2016. I have enclosed the report for your reference.

In this SI, the EPA evaluated the residential soil sampling results with the Hazard Ranking System which is used to determine a site's eligibility for the National Priorities List (NPL). Through this process, the EPA determined the Site does not warrant listing on the NPL. In addition, the EPA compared individual sampling results with risk-based action levels. Based on the data collected, no properties warrant additional action under the EPA's Superfund program. Therefore, the EPA has no plans to conduct any additional actions at the Site under its Superfund authority.

If you have any additional questions, please feel free to call me at (404) 562-8599.

Sincerely,

A handwritten signature in black ink, appearing to read "Franklin E. Hill", written over a large, stylized oval scribble.

Franklin E. Hill, Director
Superfund Division
